Capsule Series

- Time it. Press it. Win it.
- Three sizes, one fun gameplay — the capsule game that fits any location.

How to Play

- Capsules turn on the wheel. Press the button at the right time — the robot arm moves and pushes your capsule into the prize chute. Easy to learn, fun to master.

Series Highlights

- Skill-based timing game — players control the result.
- Using mechanical arm to scoop capsules.
- Auto-refill system — capsules reload by themselves after each win.
- Works with 100mm capsules and many prize types.
- Win rate can be set for the right profit.
- Bright marquee design on all three models.

Bubble Bump Series

Punch. Pop. Win an Ice-Cold Soda.

- Two sizes, one exciting timing game — stop the arrow, bump the target, and win a real cold drink.

How to Play

- An arrow swings left and right in front of you. Press the button at the right time to stop the arrow, and it moves forward to bump the target. Knock the target down to win a real, ice-cold can of soda — served right away from the cooling system. Pure timing, real prize.

Series Highlights

- Bright LED stations in red, yellow, and green — easy to see from far away. Timing-based gameplay — stop the swinging arrow and bump the target to win a cold soda.
- Active cooling system — soda comes out ice cold every time.
- Real drinks as prizes — players come back for more.
- Win rate can be set for the right profit.
